**CONGRATULATIONS
CLASS OF 2020**

To the Graduates of the University of New Brunswick, Class of 2020,

In my role as Chancellor, one of the most gratifying duties I have is conferring degrees at our Encaenia and Spring Convocation ceremonies. Encaenia and Convocation are more than just symbolic; these occasions serve a deeper purpose for students and for all of us in the UNB family.

Regrettably, current circumstances require us to alter the ways we celebrate this special milestone. Although we are unable to gather in a large group, we all stand witness to your accomplishments in other meaningful ways. The significance of this passage remains undiminished.

Our University strives to create a transformative experience for each of you. For our UNB community, Encaenia and Convocation are an opportunity to reflect on the results of the work we do together, renewing our dedication to UNB's mission.

For the loved ones who have encouraged and supported you on this path, Encaenia and Convocation bring a sense of fulfillment. The same is true for the many donors and supporters who can see your success as validation of their generous commitment to UNB.

Most notably, Encaenia and Convocation serve to publicly recognize your accomplishment. In gathering to witness the conferral of your degree, we are honouring your dedication and hard work. We do this in an open forum, because your accomplishment is important to all of us, in New Brunswick and beyond.

In conferring your degree, we mark the conclusion of your academic program and the beginning of another journey: to make our world a better place. This is our wish for you, that what you have learned and who you have become while at UNB will enable you to make a difference in the world and the lives of people around you.

You are emerging into a world that offers the Class of 2020 both immense challenges and exceptional opportunities, and with all of the rewards and satisfactions that come from living a life with purpose.

You are New Brunswick's pride, and New Brunswick's hope.

With congratulations,

DR. ALLISON D. McCAIN
Chancellor
University of New Brunswick
